WEST BENGAL
MUZAFFAR AHMAD BHAVAN
31, ALIMUDDIN STREET, KOLKATA-700 016

May 23, 2016

The Hon'ble Governor,
West Bengal,
Raj Bhavan, Kolkata.

Re: Post poll violence and attack on opposition throughout the State

Sir,

We place on record our deep gratitude for the time you have allotted to the delegation of the opposition political parties to listen their grievances in connection with ever increasing physical attack on opposition and deteriorating law and order situation in West Bengal, particularly after the declaration of results of the Assembly Election on 19th May 2016.

1. Sir, you are aware that violence has been institutionalized in West Bengal during the last 5 years and more specifically after the Panchayat Election of 2013. Such violence is multi-dimensional in the form of eviction from houses and locality, damage to the houses, attack on livelihood, registering false police cases, murderous attack, etc. against opposition political activists by miscreants of AITC. All opposition political parties like CPI(M), INC, BJP, RSP, AIFB, CPI, SUCI(C), CPI(ML) and others have borne the brunt of such brutal attacks.
2. There has been accentuation in such attack after the Lok Sabha Election 2014. It assumed shameless proportions during the Municipal Election of 2015. There were mounting attacks on the opposition political parties in all parts of West Bengal including Kolkata and Bidhannagar Municipal Corporation areas. The entire Municipal Election process was reduced to a farce when polling booths were openly captured, the agents of opposition political parties were driven away and even voters were driven away by intimidation. These were in addition to the murderous assaults and other

forms of violent action let loose by AITC. Such subversion of democracy had also resulted in forcible removal of the then State Election Commissioner, S. R. Upadhyay who was illegally confined in the State Election office by the senior AITC leaders including State Cabinet Ministers.

3. Such uncontrolled habituation with the politics of violence has encouraged AITC to embrace that path ever since the election process for 2016 Assembly Election was initiated. All the opposition political parties have drawn the attention of ECI to the violent methods adopted by AITC in different parts of the State with specific documents and information. It is needless to repeat that acting on such document-based complaint ECI had initiated a number of steps including removal of partisan Bureaucrats and Police officers for ensuring free and fair poll. However, due to the lack of proper will of the officers in general and Police Administration, violence by AITC could not be stopped during the election process in different Districts of West Bengal. Such violence has claimed innocent lives, including the life of polling agents and opposition political activists. People were kidnapped and forced to leave their houses under threat of AITC hooligans. Even innocent children were not spared from such attacks. A summary of such incidents are provided in Annexure 1 & 2 of this memorandum.
4. You are aware that the Chief Minister of West Bengal has herself led the charge of the AITC brigade in issuing threats to ECI and Government officials to prevent them from acting impartially as is expected from them by the Constitution and Election Manual of India. The Chief Minister of West Bengal has also openly warned that she would retaliate inch by inch once the result was announced. We have seen a faithful execution of such threat by activists of AITC in almost all the Districts of West Bengal. There are countless attacks on the opposition political activists. More than 500 offices of different opposition political parties and mass organizations have been looted, burnt, forcibly occupied by the AITC men. Fresh evictions from houses in localities after localities are occurring. Huge amounts are being extorted as ransom and fine. Countless murderous attacks have been inflicted. Even cycles, drinking water connection or other facilities given earlier by the government are now being snatched away. Feuding AITC factions are contributing to further deterioration in law and order situation. West Bengal has reached such a condition today that the entire law and order machinery has broken down, making it impossible for citizens to live in

peace and security. Police administration is ineffective because it is afraid to take any cognizable action in view of the open threat issued by the Chief Minister herself. Some of such incidents are given in Annexure 3 of this memorandum.

In the above backdrop, we have come to you, the Constitutional Head of the State, to ensure peace, protection of life of citizens irrespective of political affiliation and ensuring normal political activities by all the political parties irrespective of the outcome of Assembly Election. Such intervention from you is required for restoring peace and democratic environment in the interest of West Bengal. We have full confidence that you will exercise your constitutional authority in ensuring an end to this anarchic state.

With regards

Sincerely yours
